## BRYAN FINDS SITUATION HOPEFUL

Says Carranza Will Be Admitted to Peace Conference Without Conditions

NO ORDERS ISSUED AS TO STEAMER ANTILLA

Illness Among U. S. Troops at Vera Cruz—Huerta May Ask U. S. Protection

WASHINGTON, June 9.—"All I care to say is that the situation is most hopeful," Secretary of State Bryan replied today to questions concerning Mexican developments. This announcement followed a conference between President Wilson, John Lind and Secretary Bryan. The Secretary's tone and manner were optimistic.

Despite his declaration that he could not say more, he admitted that he expected General Carranza to name delegates to the peace conference at Niagara Falls, and is confident that the mediators will receive them on Carranza's own terms, which provides for participation in the negotiations without agreeing to an armistice. He said no orders had been issued relative to the steamer Antilla en route to Tampico under the Cuban flag with arms for the rebels. From other sources it was learned that the administration plans not to interfere in the matter. The cabinet discussed the matter today.

Secretary of War Garrison reported that illness is increasing among the American troops at Vera Cruz. He expressed the hope that the War Department will soon be permitted to withdraw them.

Official circles professed ignorance of the reports that Huerta is planning to take refuge within the American lines, but it was admitted that he will be protected in that event.

### CARRANZA REPLIES—PLAN OF PACIFICATION IS OUTLINED

NIAGARA FALLS, June 9.—Frederick Lehmann, American envoy to the American-Mexican peace conference, received word today that General Carranza's reply to the mediators' invitation to participate in the negotiations is en route to Niagara Falls. It is expected tomorrow. Although it was originally planned to make public today the correspondence between the mediators and Carranza, the mediators announced today that they had decided it was best to withhold it. The decision followed a conference between Lehmann and Brazilian Ambassador Da Gama.

It is known that the Mexican pacification plan submitted by the American envoys yesterday contemplates the establishment of a provisional Mexican government consisting of a president and four cabinet members to share equally the responsibilities of office. In this group substantial representation will be accorded the constitutionalists. It is even suggested that the foreign ministry might be given to Carranza, which would permit him to run for president later.

### TERRIBLE SITUATION EXISTS AT MAZATLAN

SAN DIEGO, June 9.—A wireless message from Charles H. Raymond, United Press correspondent at Mazatlan, says:

Five thousand non-combatants here are in danger of actual starvation. I was ashore today and saw several hundred hunger-pinched women and children returning with empty baskets from Governor Rodriguez's bread line after the governor had been surrounded by crowds of women who pleaded for the surrender of the city to the rebels and for the stay of the famine. Food is being saved for the federal garrison, which is standing off the rebels. It distributed generally it would last the city about one week. Many have been without food for two days and are becoming desperate. Horses are dying in the streets. The situation grows more terrible hourly.

### Ensenada Near Starvation

SAN DIEGO, June 9.—Passengers arriving from Ensenada on the steamer Victoria, reported that town near starvation. The withdrawal was ordered of the federal artillery. When they departed they left only 200 sacks of flour and a limited supply of other provisions. The food situation is acute.

### URGE HIGHWAY OVER SAN BERNARDINO MT.

SAN BERNARDINO, June 9.—County officials recently returned from an automobile trip over the San Bernardino Mountains Crest road, with their opinions more than ever firmly fixed that there is the utmost necessity for building a splendid main highway along the crest of the mountains from Pinecrest to Big Bear Valley.

## Famous British Poloist's Nose Is In Splints

NEW YORK, June 9.—The American quartette who will defend the International Polo Cup against the British challengers spent this morning in practice, and appeared in excellent condition. Captain Cheape, of the British team, on account of whose injury today's game was postponed until Saturday, is better today, although both eyes are still swollen shut from the blow he received on his nose from a polo ball. His nose is in splints. He expects to be able to play Saturday. It was announced this morning that the second game will be played next Tuesday.

## SCHUMANN-HEINK IS GRANTED DIVORCE

CHICAGO, June 9.—Madame Schumann-Heink today won her suit for divorce from William Rapp, Jr., when Judge Sullivan sustained the motion made by her counsel to order a verdict in her favor. The jury was directed to find accordingly. The Madam was jubilant. She declared she had already received three proposals, one from a Chicagoan, one by wire from New York.

"But I shan't marry again," she declared. "I am too old and have enough money. I want to care for my children. I am not even going to sing so much hereafter. I feel I can sing better, though, with this trouble off my mind."

Madame Schumann-Heink is scheduled to leave tonight for New York, whence she will sail for Beltruth, to participate in the annual Wagnerian festival. Rapp is also scheduled to go to New York tonight. He did not say whether or not he would marry Mrs. Katherine Dean, who has figured prominently in his divorce suit.

## TOURIST CALLS NEW GAS WILL SAVE USERS \$30,000

Stops Over Here and Mails Laudatory Post Cards to Eastern Friends

SAYS COUNTRY AHEAD OF THE CLAIMS MADE

Leaves Names Boston Friends Who Will Get Copies of Register Special Edition

"A sure 'nuff marvel, this county here!"

"Never saw anything like it!" "Marvelous. Come on out!" "This is the finest I have yet seen."

"Come on out and eat an orange with me." "Most wonderful county and a most wonderful trip."

"Finest ever!" "Wonderful!" These and a number of equally enthusiastic expressions are contained on a number of post cards sent East today by Frederick Reed of Boston, Mass.

Reed has been on the coast since the middle of April, visiting the principal cities.

"I have been in every city on the coast," Reed told Commerce Secretary Metzgar today, "but I have never yet seen a county that so completely fulfilled the expectations aroused by the advertising literature sent out. I have found, generally, that I was safe in taking most of the boasting statements of other counties with a grain of salt. Not so with Orange County. The truth is that this county is far ahead of what is claimed for it."

Reed stopped over here yesterday en route to San Diego, which will be the last city he will visit before returning East. While with Secretary Metzgar he left a large number of names of friends in Boston, to all of whom will be mailed copies of the Register's Special Edition as well as other advertising literature.

Reed was especially interested in the local school system, asking a great many questions in regard to educational facilities.

## EVERYTHING AT STANDSTILL, IS WORD

Trustees Standing Pat on P. E. Franchise—East Fourth Matter

"Everything is at a standstill. We are waiting for them to make a move. We are standing pat. We will not give them the curve until they extend the line on East Fourth street."

This is what Trustee Alderman said this morning on being asked as to what if anything had developed in regard to the Pacific Electric's request for a franchise to build a curve from Fourth street to Main.

"They are playing a waiting game. I don't see anything for us to do except to let them wait," said Alderman. According to Alderman the P. E. has made no sign for several weeks.

## SUFRAGETTES RAIDED TODAY—RUIN PROTRAIT

LONDON, June 9.—The police today raided the suffragettes' temporary headquarters, arrested several women and seized many records. They retained possession of the rooms. The home office has announced that as often as headquarters are opened they will be raided. The women replied that the offices would be opened as fast as they were raided. The home office officials are almost frantic over the overwhelming suffragette activity lately.

Hacked Famous Painting BIRMINGHAM, Eng., June 9.—Using a meat chopper, a suffragette today hacked to pieces Romney's famous "Portrait of a Boy" in a local gallery. The painting was one of the finest of the old English masters, and was practically priceless. It was completely ruined. The woman was arrested and refused to tell her name.

Local Manager Makes Comparative Average of Yearly Savings

NATURAL IS CHEAPER THAN ARTIFICIAL GAS

May Figures Show a Decrease of 48½ Per Cent Below Sum Paid in April

Owing to the introduction of natural gas, consumers in Santa Ana will be saved somewhere in the neighborhood of \$30,000 per year, according to a comparative average figured out by Fred Champion, manager of the local gas office.

Champion's figures are based on a comparison of the amounts paid out by consumers during the months of April when artificial gas was still used, and May, when the natural gas was put in the mains.

The following figures speak for themselves:

Gas billed for month of April, \$5184.20.

Gas billed for month of May, \$2517.36.

These figures show a decrease of 48½ per cent.

Total number of consumers in April, 2,532.

Total number of consumers in May, 2,532.

Total number of cubic feet used in April, 5,129,400.

Total number of cubic feet used in May, 3,355,100.

Average bill per consumer in April, \$2.05.

Average bill per consumer in May, 99 cents.

Orange Expense Also Lowered

Gas expenses have also shown a considerable decrease in Orange as the following comparative figures will show:

Gas billed for month of April, total, \$1,354.09.

Gas billed for month of May, total, \$543.

Total number of consumers in April, 627.

Total number of consumers in May, 644.

Total number of cubic feet used in April, 1,114,800.

Total number of cubic feet used in May, 669,300.

Average bill per consumer in April, \$2.16.

Average bill per consumer in May, 84 1/3 cents.

## DRASTIC MARRIAGE LAW PROPOSED IN ILLINOIS

CHICAGO, June 9.—Illinois will be dangerous ground for thousands of couples if the legislature should enact into a law a bill recommended by the Illinois Bar Association. The proposed law provides that the marriage in any other state of persons forbidden to marry in Illinois shall not be recognized in this state.

If such a measure were placed on the statute books all those persons who are divorced in Illinois and remarry within a year in another state would be subject to arrest and prosecution should they return to this state.

## CANNY SCOT SALOON KEEPERS SAD OVER NEW EXCISE LAW

GLASGOW, Scotland, June 9.—Under the new excise law saloons throughout Scotland are forbidden to open their doors until 10 o'clock in the morning instead of at 8 o'clock as heretofore, and the whole country is steeped in gloom.

In Glasgow and other great industrial centers, where many workmen like whisky for breakfast, the men gather in sullen groups discussing all manner of revolutionary reprisals up on their oppressors.

The saloonkeepers are heavy losers, for at the 8 o'clock breakfast hour the bars have swarmed with thirsty Scots, who took two or three morning nips apiece.

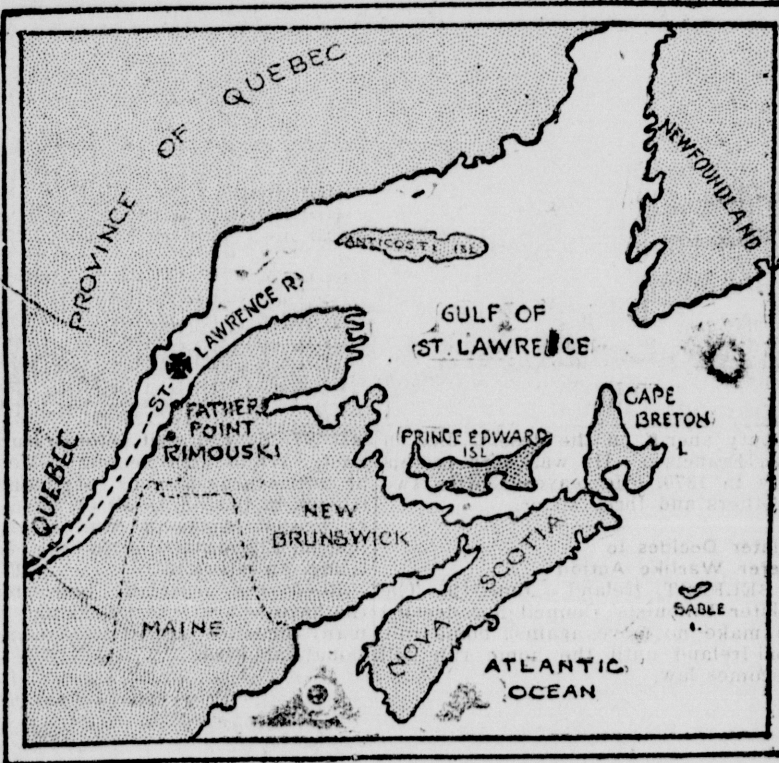

## PERMISSION GRANTED TO REBUILD MARYLAND

PASADENA, June 9.—The city commission today granted permission to rebuild the Hotel Maryland, which was destroyed by fire, on the same site. The commission waived the ordinance prohibiting wooden outbuildings within fire lines on the ground that the hotel is only a few feet beyond the hotel site. The new building will be generally like the old one, of wood and stucco construction.

## ORANGE LINE OPENING IS SET FOR JUNE 13

The Pacific Electric line between Orange and Santa Ana will be placed in operation Saturday, June 13.

The following letter was received today by the Register:

Mr. J. P. Baumgartner,

Editor Santa Ana Register,

Santa Ana, California.

Dear Sir:

Beg to advise that our line between Orange and Santa Ana is about complete and will be placed in operation on Saturday, June 13. Have attached hereto copy of schedule that will be operated between Santa Ana and Orange and trust this will be interesting news to your readers.

Yours truly,

D. W. PONTIUS.

According to the schedule received, after 5:45 and 6:45 a. m., cars will leave Santa Ana fifteen minutes after each hour up to and including 3:15 p. m., after which they will be run as follows: 3:45, 4:15, 4:45, 5:15, 6:10, 6:55 (from Fourth and Main streets) and 9:30.

Cars will leave Orange beginning at 6:10 a. m., and will leave ten minutes after each hour thereafter up to and including 3:10 p. m., after which they will be run as follows: 3:40, 4:10, 5:15, 5:45, 6:32, 7:40 and 9:52.

All trains out of Santa Ana for Orange, excepting 5:45 a. m., connect with Los Angeles trains and all trains out of Orange for Santa Ana connect with trains for Los Angeles.

## A Change Made in the Pension Board

The doctrine "to the victors belong the spoils," may have been responsible for the removal of the present board of medical examiners in Santa Ana and the appointment of a new set of doctors.

This is the first time that a change of administration has cut any figure in the personnel of this board which was organized in 1891, and has held office under six presidents. The board at first was composed of Dr. Dryer of Santa Ana, Dr. Hunt of Anaheim and Dr. Wood of Orange. The two former were Republicans, the latter a Democrat. They were, however, selected by the members of the G. A. R. without regard to politics.

When Dr. Hunt left the county two years later, Dr. C. D. Ball was appointed. Dr. Cushman succeeded Dr. Wood for the same reason, Dr. Royer following him. Dr. Dryer has served from the beginning.

The new board will consist of Dr. Boyd of Santa Ana and Dr. Violett of Garden Grove, Democrats, and Dr. Burlew of Santa Ana, Progressive.

A very small number of applicants now come before this board. Some time ago the matter of resigning and recommending its discontinuance was considered, but feeling it would work a hardship to the old soldiers in the locality, no action was taken.

At one time the fees were worth while, each surgeon having received checks as large as \$128 per quarter, and that at a time when the allowance for a single examination was one-third less than at present. The last quarterly check was for the sum of \$8.

A joke in evidence, politically, viz., that two members of the old board not willing to vote for a Progressive for congress voted for Kettner, who now, figuratively speaking, kicks them over the fence.

It will not be much trouble for people in Santa Ana and Orange to guess the initials of the two doctors thus rewarded.

## 4 CRUSHED TO DEATH AS AUTO OVERTURNS

GOLDFIELD, Nev., June 9.—Four prominent Knights of Pythias were killed in an automobile accident while returning from a lodge meeting at Tonopah.

They were: Daniel Falvey, C. Y. Rice, Hermann Kreiger and M. J. Brandon. The men were crushed to death as the auto overturned.

## FEDERATION OF CLUBWOMEN OWN CITY

Chicago Given Over to 10,000 Women Who Have Invaded City on Lake Michigan

ONE LONE MAN WITH THE CALIFORNIA DELEGATES

Suffrage and Common Sense Dress Among the Leading Issues of Convention

CHICAGO, June 9.—Ten thousand clubwomen, delegates to the twelfth biennial convention of the General Federation of Women's Clubs, owned Chicago today. They got seats in the crowded street cars while Miss Chicago was compelled to cling to the strap.

At noon today only half the delegates had arrived. The formal opening is scheduled for tomorrow. The California delegation is here, accompanied by a lone man. His name is George McCoy. He was loaded with suffrage banners and was the busiest member of the delegation. The fight to place the federation on record as favoring woman suffrage is expected to overshadow everything else coming before the convention.

The Texas delegation, wilted by the intense heat, arrived here yesterday for the convention. Late in the afternoon the Pacific coast and New York delegations arrived. The Iowa delegation of 800, the largest from any state, arrived today.

Miss Jessica Briggs of California has consented to arrangements whereby she will address the federation on the evening of June 17, at the same time as Mrs. Eleanor Wilson McAdoo, President Wilson's daughter, speaks on "What Youth Can Bring to the Federation."

Recommendations for a "sane and sensible form of dress" will be considered next Tuesday. The convention, however, is not expected to commit itself to any dress reform program. The suffrage resolution will come up a week from tomorrow. Nomination of officers is scheduled for the 18th.

## COLORADO RIVER HAS GONE ON RAMPAGE

Flood Conditions Near—Santa Fe Sends Hundreds of Men to Guard Property

LOS ANGELES, June 9.—Dispatches from Needles state that the Colorado river is on a rampage and flood conditions are near. The Santa Fe Railroad Company has sent several hundred men to protect its property on both sides of the river.

The embankments on the California side thus far are holding, protecting the towns, but it is reported that the river has broken through on the Arizona side and that several houses have been surrounded. The river is still rising, but the crest of the flood is not expected for several days.

## RIBET BECOMES FRENCH PREMIER NAMES CABINET

PARIS, June 9.—Senator Alexandre F. Ribet, having accepted the premiership, reported today to President Poincaré the formation of his cabinet. He named M. Noulens, Theophile Delcasse, Leon Burgeoise and Jean Dupuy, respectively, as war, marine, foreign and public works ministers. From its personnel it is believed the cabinet favors the three years' military service law.

# WOMEN MAY REDEEM TURKEY FOR A BRILLIANT FUTURE

## Highest Virtues of Turks Preserved in Hearts of Cloistered Women of Turkey's Harems

(By Henry Wood, United Press Staff Correspondent.)

CONSTANTINOPLE, Turkey, June 9.—All but wiped from the face of Europe by the political calamities that in the past three years have assailed it, Turkey still has within itself the power to rise phoenix-like to one of the most brilliant futures of a modern civilized nation. And this for the very simple reason that up to the present moment, one entire half of the Turkish people has conserved within itself, intact and uncontaminated, all those primitive virtues and qualities of the race that once enabled it to sweep across a goodly portion of Asia, Africa and Europe. That half of the Turkish people is just now coming into its own, and that half is the Turkish woman.

So declared Madame Rifaat, wife of Rifaat Bey, and leader of the feminist movement in Turkey, to the United Press correspondent. She declared it, too, with a zeal, a faith, a conviction shining in her eyes, and faith that could not be greater than her zeal and her faith and her conviction in the eternal tenets of the Koran itself. Madame Rifaat's exposition of Turkish feminism—and the consequent future salvation of the Turkish race and nation—took place in the salon of her home surrounded by the other women of the household, all of whom sanctioned her declarations. As she talked Rifaat Bey, husband, and high official of the Turkish cavalry, passed the inevitable Turkish cigarette to all present—women and men alike—and listened with sympathetic approval to his wife's statements. His attitude alone bore wonderful evidence of the progress feminism has made in Turkey.

"The highest virtues of the Turkish race have been preserved intact in the Turkish woman," declared Madame Rifaat. "In fact it is really remarkable that centuries of sad, al-

most cloister-like seclusion have in no way sterilized the soul of the Turkish woman or inflicted incurable warpings in her heart. Coupled with this conservation of all the highest qualities of the Turkish race in general, the Turkish woman has also retained one quality particular to her which in itself is sufficient to restore the greatness of the Turkish people, and that is her love of life. By love of life, I do not mean mere love of existence, but love of actual, active living in the highest sense of the term. Our faith and our religion is an active one, and our life must be the same.

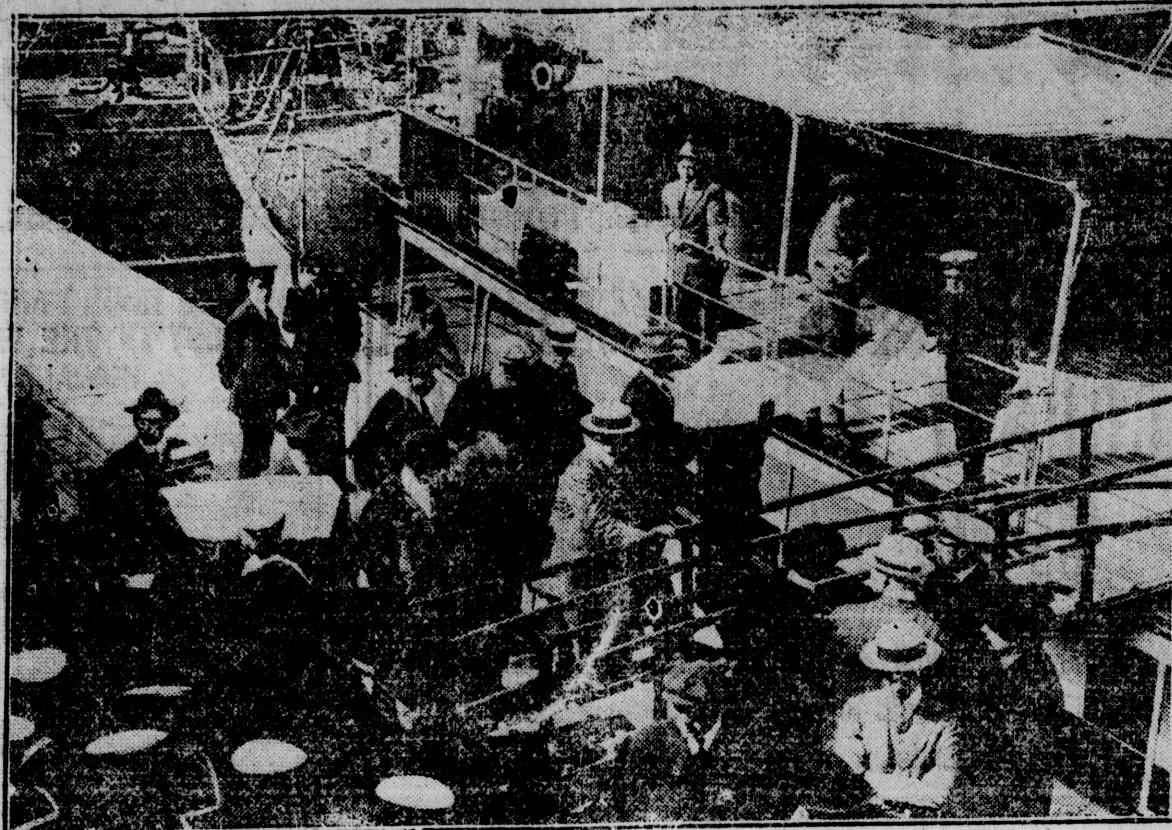

"This inherent quality in the soul of the Turkish woman cannot be judged merely by observing us who have traveled, studied and come in contact with European civilization. It can instead be best judged in the countless thousands of poor, Turkish women, who went through that last great tragedy of our race—the tragedy of a lost war. When all their men had been killed, these unhealed, hitherto segregated women loaded onto the carts their miserable belongings, their babies and their helpless aged, and following the carts on foot for hundreds upon hundreds of miles, founded new nests in which to re-establish their life. This they did not for religion, not for patriotism, but merely from a heroic desire to live, a desire that could not be conquered.

"It is these qualities that are counting for the rapid strides which feminism is making in Turkey and which means the ultimate salvation, through the Turkish women, of the Turkish race. Coming out of our secluded, segregated life of centuries we are meeting the present crisis of our race without a single quality of virtue tarnished and will all the virgin, primitive forces that once made our race great. Coupled, too, with the usual feminine aspirations, for a higher culture, for dress reforms and for changes in our marriage customs, every Turkish woman is also giving evidence of a profound desire to participate in the actual renovation and re-establishment of our social and our national existence. That she merits this participation, the Turkish woman has already given, too, ample proof. During the dark period that preceded the revolution of a few years ago, when many of our women risked, without a moment's hesitation, life itself in the carrying out of important political missions, and of these and for this, more than one was condemned to death by Abdul Hamid. Naturally the Turkish woman has had to fight against centuries of iron traditions to gain her liberty and yet it is remarkable the effect which even single steps have had in this direction. I may almost say that the emancipation of the Turkish women dates from the day that Madame Helikis Choukri, the first Turkish woman ever to do such a thing, flew in an aeroplane over the cupolas and minarets of San Stefano. It is such things as that that have served to open the eyes of the Turkish men to the qualities which they never before dreamed we possessed. In fact, I think that in general the Turkish women have all the qualities which the Turkish men lack, and it is these qualities that are going to rejuvenate and save our race. With our movement fairly launched, however, we are now making wonderful progress."

Common garden sage brewed into a tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advertisement.

### SAMSON

When "Samson," which will be seen at the Lyric Theater on Monday and Tuesday, June 22 and 23, was presented in New York the dramatic critics reviewed it like a regular two-dollar attraction. This is the first time a film of any character has received such consideration from the metropolitan reviewers. The critic of the Evening Sun had the following to say:

### "Samson" a "Movie" Success

At the Republic Theater last night "Samson" made Old Testament days live again. The Universal Film Company has made a surprisingly fine six-reel picture from the much-used story and J. Warren Kerrigan, whom many have associated with the matinee idol class of actors, has achieved in the name part a triumph that he will be many years in surpassing. His Samson is boyish, guileless and is strikingly magnetic that none in the audience wavers at his attraction for the women of the Philistines. There are wonderfully staged scenes of great hosts fighting, notably that on a wide hilltop in which Samson slays the Philistines with the jawbone of an ass, there is a whole ancient city of mud or plaster houses built especially for the action of the play, and finally there is the great temple of Dagon, seemingly as big as New York's city hall, which Samson brings down on the heads of his enemies in a Titanic smash.

The great care for detail used in the staging was best shown in the mill scene, in which the blind Samson dragged at just such a great mill stone of the people of Bible times harnessed their slaves to, Delilah and the other characters were in excellent hands. What might be called the chapter headings were all Bible quotations, and the play held close to their simple story and thereby gained in dramatic strength. Some might expect it to be sombre, but the light-hearted Samson and the smiling Delilah relieved it of any possibility of such a charge. An educational as well as a dramatic treat for Jew and gentile.

**Clune's Program, Thursday and Friday**  
"The Awakening of Barbara Dare" (Vitaphone).—This is a beautiful offering showing how the jealousy of a child old New England mother can be warmed by the advent of a little child. Mrs. Mary Maurice portrays the mother in her usual graceful manner. Clara Kimball Young and William Humphrey as the young couple ably assist her.

"The Cruel Crown" ("The Adventures of Kathlyn" No. 8, Selig).—Kathlyn certainly has numerous and hairbreadth escapes in this two-reel offering. It is a hair-raising experience to take in. It is gripping and exciting all the time. It is also contained in our next, just at the critical period. It is a meritorious visualization in its entirety.

"Innocent, But Awkward" (Vitaphone).—Sidney Drew appears in this number as an eccentric professor who carries mice, birds and other pets around with him. The humor of this is very rich and appealing. It is well photographed and makes an excellent comedy release.

The vaudeville numbers this week are all headliners, there being plenty of comedy to suit all.

**BAZAAR AND COOKED FOOD SALE**  
The ladies of the Episcopal church will hold a bazaar and cooked food sale on Wednesday, June 10, beginning at 2 o'clock, at the church on Seventh street. Meat, cake, beans, pie, rolls, home-made candy, fancy and useful articles will be on sale. Ice cream, cake and tea will be served. The public is cordially invited to attend.

## NEW SAINT LIKELY TO BE CANONIZED

Sister Theresa, Dead But 14 Years, May Reach Saintship Within Twenty Years

LIVERPOOL, June 9.—All kinds of political, social, religious, educational, labor, and co-operative organizations were represented by the 500 delegates who met at the Church Hall here this afternoon for the tenth National Peace Congress of Great Britain, under the presidency of Lord Channing of Wellingborough.

Particular interest attaches to the congress this year on account of the preparations it is expected to make in connection with the forthcoming Third Hague Conference.

Among the special questions to be discussed are, immunity of private property in naval warfare, floating mines, rights of neutrals, the effect of armament expenditure on commerce and industry, the effect of militarism on wages, and the promotion of international peace through universities and schools. The congress will be in session four days.

## DANGEROUS BAR HELD LAUNCH IN A DANGEROUS FIX

Newport News: The dangerous bar at the entrance to Newport bay came near claiming additional victims last night when Ted Bellinger with his wife and child and a lady friend attempted to come in with the launch Gray. The trouble was started by a coupling on the propeller shaft becoming disconnected, leaving the boat helpless. Bellinger threw his anchor out and hoisted the sail, but the wind was stronger than expected and the launch was pulled in two and the launch driven fast on the bar. The breakers began to break over her so Bellinger equipped his passengers with life preservers and went ashore for help. The Jackson-Norton launch Flora went to the rescue and towed the Gray safely. She is now on her way in front of that company's shop undergoing repairs. The Gray has a speed of about 15 knots. She is equipped with a 35-horsepower three-cylinder Gray engine and carries a fuel supply of 500 gallons. Bellinger has been using her for the government in running down contraband Chinamen being smuggled into this country. He was returning from Ensenada to visit his parents on Bay Island at the time.

## WILSON CRITICALLY ILL, PROBABLY DIE

I. O. Wilson, the real estate man, is critically ill at his home at the corner of Main and Eighth streets and it is feared that he can live but a few days. Wilson's condition is believed to have resulted from blows on the head received in an altercation between him and Kent of Garden Grove. The two men had a difference of opinion over the use of water from a tank. Wilson was hit with a rake, which took considerable skin off his face, and was then struck on the head with the handle, which broke from the rake.

The injuries were received on May 13. After that he frequently spoke of having a dull pain in his head. Last Friday he became delirious, and since then he has weakened rapidly. No change in his condition for the better could be reported today.

## LOCAL MEN GET INTO PAVING GAME

George Magill and H. E. Smith to Do Work on East Washington

CONCRETE MIXTURE IS MUCH IMPROVED

Change to Be Made for Benefit of Owner of Rent Automobiles

A new development in the paving campaign now on in Santa Ana became known at the meeting of the City Trustees last night when George Magill and H. E. Smith asked for permission to enter on East Washington avenue for the purpose of paving it. These men are both well known in this city, Magill formerly being deputy city engineer and Smith is not only a prominent cement contractor but he has been a county supervisor for ten years. Their advent as street pavers marks the entrance of local men into the paving business.

All of the paving done in Santa Ana has been done by outsiders, men who have moved here to do the work and then move on.

The price at which the Santa Ana men are taking the job is ten cents per square foot. That is a cent and a half less than the price named by Contractor Crandall. Crandall had a lot of signatures for paving the street by private contract, and Hubermann, rival contractor, also had many signatures. Then along came Magill and Smith, and last night Magill stated to the trustees that they had seventy-seven per cent of the frontage signed up for paving from Main street to the Santa Fe railroad, for a four-inch base and an inch and a half surface. The new contractors were given permission to begin work, the public

utility companies to be given thirty days in which to complete their work on the street before paving is done.

Magill said that only two property owners on the street had declined to sign. On Alderman's suggestion, the property owners who have not signed for the private contract shall have up to the time concrete is poured in which to sign free of Vrooman Act proceedings, and those who want long time in which to pay can have it for two cents a square foot additional cost.

The board ordered the chairman to sign a contract for paving in front of the three-cornered park at Washington and D streets.

Sewer Superintendent Reid and Alderman reported that considerable sewer work should be done on Washington and 2000 or Custer. The board as a committee of the whole will inspect the streets and decide upon the sewer matter at once.

**Change Specifications**  
On the recommendation of City Engineer Steward and following a conference upon the matter, the Trustees adopted a new set of specifications for street paving base. The old specifications called for three parts of sand, six of gravel and one of cement. Steward said that his idea of the specifications was to mix the three parts of sand and gravel together, really make in bulk only seven parts to one of cement, for the sand fills in the vacant spaces in the rock. The contractors, however, have been taking the specifications to read that six plus three made nine. Hence they mixed sand and rock until they had nine parts of it to one of cement, and then they added the cement.

The new specifications leave no misunderstanding. It calls for eight parts bulk of sand and gravel mixed to one part of cement, but the specifications call for certain screenings of rock that greatly improves the quality of rock and sand. These new specifications are applied to the East Washington job.

**Change Proposed**  
Attorney Clyde Bishop for Perry Taylor asked for a change in the license rates for autos for 1914. He said Taylor on June 20 will put on eight autos for a stage line between Newport Beach, Santa Ana, Anaheim and Fullerton. Anaheim and Fullerton will charge \$2.50 per year per car license and Newport Beach \$10. Santa Ana's present law asks \$25 for the first car and \$10 for each additional car. Bishop proposed \$25 for the first car, \$10 for second, \$10 for third, \$5 for fourth and \$3 for each other car, when all cars have licenses issued to one man. The amendment as proposed was referred to the city

## DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts For Backache or Bladder Trouble

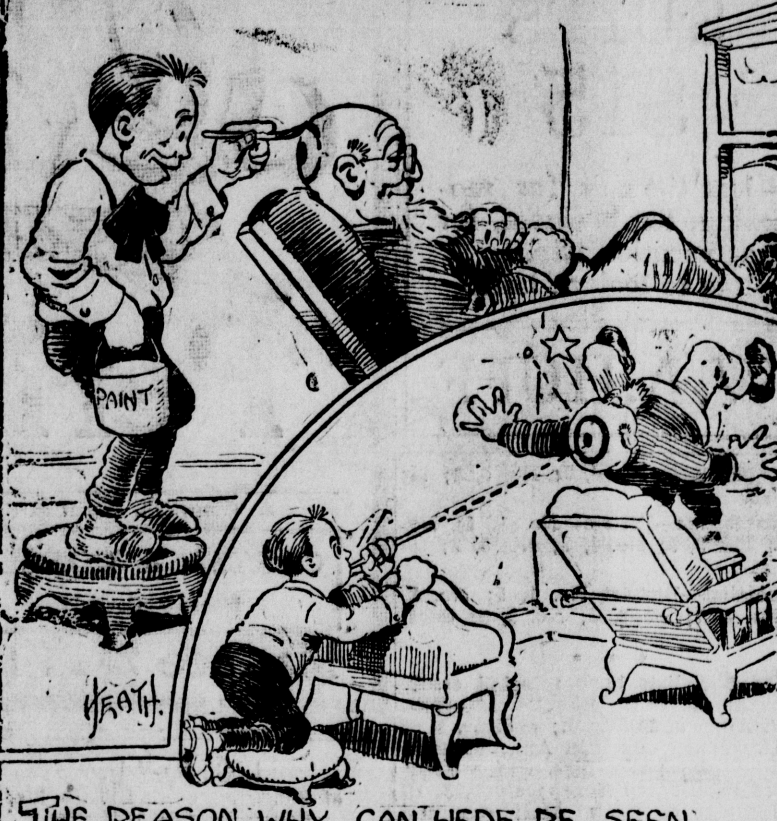

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

## FATHER MUST GIVE SUPPORT TO HIS UNLAWFUL CHILD

Los Angeles Court Fixes Cost of Providing For Child Up to 18 Years

A judge in the course of his work on the bench has many questions coming before him to decide, says the Los Angeles Times. Usually he can find the answers in law books, but yesterday Judge Jackson had to decide the cost of clothing and educating a child from the age of 1 year until 18. Being a bachelor, and not finding the answer in the statutes, he solved the problem by expert testimony.

He summoned Justice Reeve, R. S. Sparks, chief of the marriage license clerk; Andrew Francisco; Deputy County Auditor Cutter; Court Reporter Petermann; Mrs. A. L. Stephens; deputy county clerk; Court Clerk Whiteleather, and Bailiff Barney Healy. Being the father of ten, Healy had a larger experience than any of the others. Mrs. Stephenson's testimony also being valuable. Based on the consensus of opinion, Judge Jackson fixed the sum Dr. S. S. Ginsburg must pay for having been declared by a jury the father of the child of Anna Schwartz at \$2820.

The court graded the sums Baby Schwartz will receive as follows: Ten dollars a month until she is 8 years old; \$15 a month between 8 and 15 years; \$20 a month between 15 and 18 years, at which time she will be able to support herself or be a happy bride with a husband to lean upon.

## SCHOLARS GUESTS AT ENTERTAINMENT

(By Staff Correspondent)  
GRANGE, June 9.—Members of the seventh and eighth grades of the Graceland street school gathered last evening at the home of Helen Lucy on North Graceland. The affair was a farewell party to the eighth grade graduates and about forty from both classes were present. The evening was delightfully spent with games and musical selections and delicious refreshments were served at a late hour. All enjoyed themselves immensely.

Among today's visitors in Los Angeles were the following: Mr. and Mrs. L. J. Dunner, Mrs. G. N. Atwood, Mrs. L. Boehler and Mr. Frank Boehler, Miss Gertrude Perry and Leo Douglas.

Mrs. Alfred Higgins spent today with her mother Mrs. Hann, at Highland Park.

Funeral services for the G. A. R. veteran, William W. Sharp whose death took place last week was held yesterday afternoon at the funeral chapel of D. A. Blank on East Almond avenue. The service was held at 2 o'clock in charge of Gordon Granger Post, G. A. R. and the W. R. C. The customary ritual of the patriotic societies was the form used. A great wealth of floral pieces softened the service with their beauty. Many friends were in attendance. Interment was made in Fairhaven cemetery.

## A Money-Saving Proposition

WHEN we make a suit of clothes it's up to us to know that everything about that suit is absolutely right. In the first place the cloth must be right, all wool, fast color and good texture. Then the "inside" materials must be of a quality that will "stand" as long as the suit lasts.

The tailoring of course is the most important part, for if the suit is not built it won't hold its shape.

When we build a suit you can depend it will hang well, fit and look well as long as it lasts and we can safely say that it will last as long as two ordinary ready made suits.

It pays a man to pay for good tailoring as there is no other business-like way to get good clothes and the man of good clothes judgment knows there is a big difference in tailoring.

Every detail in making garments produced by Lutz & Co. is handled by skilled men along the most advanced and scientific lines.

## \$200 an Acre!

comes nearer the real value than \$150.00 for the land I am advertising for sale at \$125.00. When you consider the quality of the land, location, water, and the general neighborhood. This land is in crop and you don't have to guess as to what it will produce. It should just suit a "sure thing" general farmer—alfalfa, grain, beans, sugar beets, hogs and cows—40 acres, 60 acres or 100 acres fine level land and is now producing big crops of alfalfa, barley and sugar beets. Plenty of water, 1 1/2 miles from good town in Tulare county. You can contract 15 per cent beets at \$5.00 with 30c rise for five years.

This is the best time to buy land. We have had several years of political agitation, the country has been ruined and saved or saved and ruined, according to the viewpoint of the politician.

The tariff was lowered to reduce the high cost of living and ruin the farmer, meanwhile the price of land has continued to advance and farm products are bringing high prices even in the face of record breaking production and the high cost of living refuses to come down. Confusing, isn't it? Can you beat it? You can if you buy a piece of land now and become a producer of staple food products. Follow that "hunch" that tells you to buy now, before this state begins to feel the stimulating effect of the Exposition, country-wide good crops and easier money. If you are interested in this land or want information about deciduous fruits and nuts grown without irrigation in the Templeton or Paso Robles country, just call me up evening or morning, 644, or drop me a letter with your address.

### THE YOUNG MAN'S CHANCE

From the factory, and office up to college and church the cry is for the young man. The world is his to do with as he sees fit.

The young man of today is master of a business at an age when his grandfather had scarce finished an apprenticeship. Universal education and quick and cheap communication bring to the young man now a practical grasp of affairs which only long years of experience could give to our fathers fifty years ago.

This is very well, to know, if the young man will also keep in mind the fact that he will not always be a young man. In the same degree that he has opportunities when he is young he will be deprived of them when youth is gone.

It behooves him, therefore, to provide against the enforced retirement that awaits him just at the time when he may begin to feel that his experience fits him for the best work.

If he is past twenty he must get rid of the notion that he is "preparing" himself for life. It matters not who he is or what he is, he is living his life more tensely perhaps and more decisively in all probability than he will ever be doing at a later period.

If the young man is waiting for some rich relative to die and leave him capital with which to start into business "right," he had better realize that the only way to start into business right is with his two hands, and that the best capital nowadays is a combination of industry, sense, pluck and application.

The young man who has this capital needs nobody's money. He who has it would not succeed if he had a dozen fortunes as a foundation.

Money today does less for a young man who will not also do for himself than it ever did before in world history.

Money, lands, property, and all that, form a smaller part in human life today than ever before. Time was when these things comprehended almost all that men knew about or strove for. But the field of aspiration, of effort and of accomplishment has immeasurably broadened and will continue to broaden as man develops.

There is no man on this earth so poor, so afflicted, so narrowed by environment but that there is a field of success for him. And the time to find it and fill it is in youth.

## GOVERNOR JOHNSON'S CAUSE; PROPER PERSPECTIVE ON IT

(From the Pasadena Star, Independent.)

Governor Hiram Johnson continues to interpret to meetings of electors his principles and policies as governor and to specify the good works instituted by his administration—works which his friends contend cannot be consummated wholly without another term for Mr. Johnson in the governor's chair. When Hiram Johnson was elected governor, it came about through a breaking of partisan political moorings and the support of Mr. Johnson by large numbers who had been affiliated politically on lines opposed to the political organization whose standard-bearer Mr. Johnson was.

In a measure, his first election was approximately non-partisan. It would seem to be a wholesome course for the individual California voter this year to weigh and adjudge the Johnson administration and the candidacy of Governor Johnson on the same broad, independent grounds as before, with more of patriotism and business judgment than of partisanship, in reaching a verdict.

In arriving at a conclusion along this line, it seems relevant for the

average elector of the state to consider open-mindedly whether or not Governor Johnson's administration has been beneficial to the state—whether or not he has fulfilled, faithfully and effectively, his platform pledges; whether or not California has been put through those wholesome reformative processes for which the supporters of Hiram Johnson in the last gubernatorial election voted. It also is pertinent to consider whether or not there remains more advanced reformative work to be done for the good of the state. Weighing Governor Johnson's administration and his course as governor on such patriotic, business-like mental scales as this, the rank-and-file voter must needs be deeply and favorably impressed with the good work that has been accomplished since Hiram Johnson became governor, and many, by this process of determining allegiance this year, should be impelled to support Governor Johnson for re-election, so that he may round out and complete the excellent work that one term as governor has not sufficed to finish.

## The Political Watchtower

A lot of careful calculations have been cancelled and political prognostications punctured in the last week. It is not going to make any difference in the long run, but it may make some of the candidates travel two heats where they have been figuring on one.

The Socialists are the guilty party. They are the ones who have done the upsetting and the puncturing.

A lot of people around here have been expecting the Socialists to take the non-partisan stuff as dosed out in the law. Most of us have been nodding our blooming heads off in approval of the new system that takes county offices out of party politics, and we may have thought the Socialists concurred. Some fortnights ago the Towerman got it from a true blue Socialist that his party in this neck of the woods would be content with putting up a state ticket. He declared that the Socialists desired to maintain their party organization, and that since county offices are non-partisan, running a Socialist as such would not get the Socialists or the Socialist anywhere.

But the fellow who was telling the Towerman all this was talking out of meeting. He knows better now, for there has since been a meeting of the Faithful and they have concluded that it was wise—nay, more than wise, even wiser and wisest—to put out a county ticket, top to bottom, stem to stern, fore and aft. They are going to do it, too.

"What if they do?" say you. "They won't elect anybody." We didn't say they would. What they will do will be to keep some of those other candidates busier than a one-armed candy-maker in fly-time, busier than Red Jimes on election day. "Never bother them a minute." There you go again.

Won't, hey? Suppose you and Bill Jones were running for assessor, and it was nip and tuck between you. You might beat him by 100 votes or (heaven forbid) he might beat you by a dozen. Anyhow you have been figuring on having the thing settled at the primaries on that eventful August 25th, 1914, for with only two of you in the race one is bound to get a majority of the votes cast for that office.

Suppose, again, you were sure you had Bill Jones skinned by 500 votes. Then suppose the Socialist clambers into the fight for assessor, just running to fill out the Socialist ticket, not because he wants or expects to get the job. The Socialists already in Orange county have registered 700. They may go to 1000. Say that

## TRAVELERS AT BEACH

Ladies of Ebell Section Two Luncheon Guests at the Powers Cottage

The ladies composing Travel Section Number Two of the Ebell Society went to Newport Beach yesterday with well-filled baskets and spent the day at the Powers cottage, where they were the guests of Mrs. J. E. Liebig, Mrs. Jay W. Powers and Mrs. J. W. Blee. A prettily appointed table was spread in the living room and around it the hostesses seated their guests for a most appetizing luncheon, the substantial courses of which were composed of fish done to a turn, sandwiches, baked beans, creamed potatoes and salads that were a triumph of culinary art. These were followed by dessert of angel cake, white as the driven snow; a devil cake brown as chocolate and palatable to an unbelievable degree, these being served with delectable coffee. It was a feast fit for the gods.

The afternoon was spent in conversation and in recounting love stories of days gone by. The hours thus passed delightfully until the time came when the ladies bade good bye to the hostesses, complimenting them by declaring them the "very best ever."

## FAREWELL SOCIAL

Notable Social Event in Honor of Rev. Geo. Husser, Who Soon Leaves Pastorate

One hundred and twenty people assembled in the Sunday school room of Zion Evangelical Church last night to say farewell to Rev. George Husser, who for five and one-half years has been the faithful, successful and well-beloved pastor of this church. A. Schildmeyer, president of the board of trustees, was chairman of the evening. Addresses of appreciation of Rev. Mr. Husser's good work in the church were made by Messrs. John Bozey and S. Trumpey. One of the pleasing features of the evening was the presentation to the honoree of a handsome leather upholstered rocker. Mr. Husser in a short talk expressing his appreciation of the gift and of the kind words said of and to him. The singing of old hymns by old and young and the enjoyment of delicious light refreshments closed a notable event in the social annals of the church over which Rev. Mr. Husser has so long presided.

The social of last evening followed an impressive farewell service on Sunday night when a splendid program was given at the church under the auspices of the young people of the church with John Vogt, president of the Y. P. A., in charge. Rev. J. A. Stevenson, pastor of the First Presbyterian Church, was present to represent the Santa Ana Ministerial Association, and made an address of appreciation as to Mr. Husser's excellent aid in the work of the association. The affair was a tribute to the worth of the man who gave much time and attention to the higher interests of the community as well as of his own church. On next Sunday, Rev. Mr. Husser will preach at Anaheim, to which pastorate he was assigned by the recent conference, but he will not remove his family to Anaheim until some time next week. He and they will be missed not only from Zion Evangelical Church but from Santa Ana in general. They will take with them the good wishes of all.

Among the pleasant courtesies incident to the going away of the Husser family was the presentation on Thursday last of a handsome table cloth and napkins to Mrs. Husser by the Ladies' Aid Society. Mrs. Schroeder making the presentation speech.

## Flag Presentation

On last Sunday evening Mrs. Carrie Ey, patriotic instructor for the W. R. C., presented a flag to the United Brethren Sunday School of this city. The gift was from the W. R. C. and was presented by Mrs. Ey in a pleasing address at the Children's Day Exercises. Master Glenn Huddleston gave the flag salute in true soldierly style.

This part of the program was followed by "The Star Spangled Banner," sung with much feeling by a group of girls comprising Misses Meda, Mina and Nellie James, Gladys Preble and Helen Crawford. Rev. N. J. Crawford, the pastor of the church, made a brief speech of appreciation of the gift, thanking the W. R. C. ladies for the flag, which he declared would always stand in the Sunday School for what was good and true.

## Phiathetas Met

Last Saturday afternoon the Phiathetas class of the First M. E. church, met at the home of Hattie Anderson, on P. street. After a brief business meeting the afternoon was spent with fancy work and a flower contest. Dainty refreshments were served at the close of a pleasant afternoon.

Those present were Misses Cecile Trindle, Thelma Brice, Gladys Cook, Irma Lee, Lillian Fitz, Mildred Fitz, Parla Bemus, Doris Hutchins, Besse McCord, Fern Smith, and Stella Anderson.

## To Be Bridesmaid

Miss Helen E. Santa Ana is to be bridesmaid tonight at the wedding of Miss Elizabeth Russ of Pasadena, who was a close friend of Miss Austin at Pomona College. Mr. and Mrs. F. L. Austin and Judge and Mrs. Z. B. West of Santa Ana will attend the wedding.

## OPEN MEETING

Monday Club and Guests Highly Entertained With Talk on Forestry

Last evening the members of the Monday Club with their ladies gathered at the home of Mr. and Mrs. C. E. Lamme, North Spurgeon street, to hold one of their "open meetings," the last before the summer vacation. The company listened to a talk given by Prof. Chas. I. Fox, principal of Euclid avenue school, Los Angeles, upon the conservation and protection of our mountain forests, illustrated by lantern slides and assisted by Prof. Egeen of the high school. The speaker gave some amazing figures in regard to the extent of the forest lands that are being cared for by the government, and though the work now being done is great compared with former years, it is small in comparison with what other countries are doing. It would seem to be a hardship if one had to pay ten cents each for newspapers and fifty cents for magazines, and yet the speaker declared that is what is coming in a few years if the consumption of wood pulp continued in the same ratio to deplete the supply. One slide illustrated very graphically the condition of forests in China, where the hills are absolutely bare and floods frequent.

The audience learned forestry methods by which it is insisted that the lumberman cut trees close to the ground, stack the brush for burning, duly superintended by rangers, and make such felling as will avoid damage to the young saplings coming on to replace the mature trees taken. Incidents in a ranger's life were shown, such as control of grazing, poisoning of the rodents that injure the pastures, discovery of distant fires by lookout, and the gathering of a force to fight them. Examples were shown of how clearings should appear with the cutting done by approved methods, and these were also contrasted with stumps left by careless lumbermen whose main thought is to fell the timber with least expense. The many ways in which the forest benefits the country were demonstrated, such as the practical one of water supply for irrigation and the running of power plants, together with those that appeal to the lover of natural beauty that brings thousands to the mountains every year.

From consideration of forestry methods and problems the speaker passed on to say a word about the Sierra Club of this state, an organization of 1700 members banded together to work wherever possible by personal influence, legislation and example to forward the conservation of natural resources. A view was shown of the lodge in the Santa Anita Canyon owned by the southern section of the Sierra Club, and built a year ago under the direction of Prof. Fox. The flowers, birds, and other wild life which the forest shelters were also illustrated.

A vote of thanks was given Prof. Fox for his talk. The evening was further made enjoyable by Mr. Clarence Gastlin, who rendered some fine piano selections; also by the ladies, who served ice cream and cake. Adjournment was taken until next September, and members are requested during this time to hand in suitable topics for use in next season's program.

Those present were Messrs. and Mesdames A. B. Gardner, E. M. Nealey, W. L. Dugan, T. D. Knights, C. E. Lamme, D. G. Cole, W. I. Stewart, W. W. Simon, P. L. Tople, C. S. Shaw, C. A. Gustlin, Chas. Osborne, Madame Nealey, Mrs. McFadden, Miss Jeanette McFadden, Mrs. C. E. Craemer, Messrs. A. J. Perkins, J. A. Hankey, C. H. Stearns, H. O. Eggen, Barr.

## Missionary Conference

The Woman's Missionary Society of the Los Angeles conference of the Methodist Church, South, opens this evening in Spurgeon Memorial Church and will continue until Friday noon. There will be present at this meeting several prominent people including Mrs. Gross Alexander, wife of the General Secretary; Miss Sarah Warner, missionary to Brazil who lately returned from there; and Miss Charlie May Cunningham of Lindsay, Cal., missionary to Mexico. Mrs. F. P. Elliott, president of the conference, will preside at the meetings. Miss Riggins will open the devotions tomorrow morning. The meetings will be of interest to many and all are invited to attend.

## For Department Officers

The reception and luncheon given by the Daughters of Veterans yesterday at the home of Mrs. Good Adams, to Mrs. Florence Haines, department president, and Mrs. Della Bishop, past department president and now department inspector, was a decided success. The pretty home was decorated with pink roses and California poppies in baskets on the two long tables and banded on the sideboard. The place cards bore the poppy design hand-painted by Miss Maud Powers, who also designed the decorations. The two-course luncheon was served at 1 o'clock and was followed by Mrs. E. A. Bell was toastmistress, and Mrs. W. H. Thomas, toastmaster. Mrs. Bishop was the subject of a toast by Mrs. Holbrook, and made response. At the tables were the following ladies: Mrs. Adams, department junior vice-president; Mrs. Holbrook, department musician; the guests of honor, Mrs. Haines and Mrs. Bishop; Mesdames C. P. Glover, J. C. Lamb, Geo. S. Smith, Homer Peck, Tom Wilson, W. H. Thomas, E. A.

## Practical Reformation

Judge Willis of Los Angeles has inaugurated a move for the reformation of those who have deviated from the straight path to tread the primrose one, and who are brought before his court, that is worthy of emulation by others. If the advice which he gave two young men yet in their teens, who were brought before him is heeded, and if other jurists followed his plan there would be less criminals and prisons that are now filled to overflowing would be largely depopulated. One of the lads appearing in his court had passed a worthless check. To him Judge Willis said:

"You are out-of-date, trying to imitate 'Jim, the penman.' Go and imitate Andrew Carnegie and cultivate a saving disposition. If you must sign checks acquire a bank account of your own. Can you save \$10 a month?"

"I can," replied the prisoner.

"As long as you do and keep out of further trouble you can have your liberty. I want evidence every month that you are saving at least that much."

To the other who had aided in the stealing of an auto to give his sweetheart a "joy-ride," the jurist said:

"The best way to reform is to save your money. The most sobering thing in the world is a growing bank balance. Be saving and you will be good; be good and you will be happy. Get a wife, but don't choose one of the joyriding kind. Put \$15 of your wages every month in a savings account and bring your book to me personally every month. When you are seized with an impulse to have a good time look at your bank book and think of how hard it is to get something ahead. Go to church and stay away from poolrooms and garages. Go somewhere where there are sweet girls who sing in choirs—that will soon make you forget the giddy ones who sing in cabarets and cafes."

## Oil Land Bills Reported

The sub committee of the Senate Committee on Public Lands has favorably reported to the full committee the California Oil Land Leasing Bills. One of these bills is the Church Bill. As amended by the sub-committee, it provides that holders of oil lands, where the titles are in dispute with the Government, may continue to work oil deposits on a reasonable royalty, pending decision as to the patents. The other bill, a committee measure, provides that where oil land holders, whose titles are in dispute, prefer to surrender their holdings to the Government, they may retain possession under a lease arrangement, paying the Government one-eighth of the value of the oil produced.

Both bills have the approval of the Interior Department. The full Lands Committee is expected to favorably report both measures to the Senate. Both bills have been favorably reported by the House Public Lands Committee and are now on the House calendar.

The full committee decided Thursday to favorably report the bills to the Senate, but made one important change in the bill which allows a straight-out lease on one-eighth royalty to the Government of the oil produced. The committee increased the amount of acreage from 640, as originally in the bill, to 2560 acres. This increase has been much desired by California operators. Both bills have the approval of the Interior Department, and both bills have been favorably reported by the House Committee on Public Lands, and are now on the House calendar. The Senate passed the measure yesterday.

## Other Trouble Besides War

Charged with manipulation of public funds in the amount of \$45,000 gold and \$180,000 Mexican money, Charles Randall, former treasurer of the State of Sonora, is in jail.

## Platinum Find Near Reedley

A platinum deposit assaying \$4.27 platinum and \$8.27 gold to the ton has been discovered three miles northeast of Reedley.

## Country and Big Business

That the country has a severe attack of hysteria against big business is the belief of a great many persons who are not connected with big business, but who believe that the people who invest their money in the great industries of the country should be treated squarely as are others. Speaking on this question, Frank A. Vanderlip, president of the City National Bank of New York, said:

"I believe that as a nation, we have for some years been attacked by a hysteria of criticism against big business, until a majority of the people have come to believe that the way to secure prosperity is through legislation, instead of through intelligent hard work, improved methods and a scientific application of the best knowledge of their own business. We are in a period of industrial and commercial depression. The marvel is not that in spite of our great resources we are in such a period, but rather, with the terrible misunderstanding and misconception on the part of public opinion, that under a popular government we are not in a condition of much deeper depression."

"I regret that I cannot at the moment see any marked tendency in the direction of business improvement. We have the promise of great crops, although there is much uncertainty between such an early promise and ultimate fulfillment. Should there be complete fulfillment of that promise it would, of course, temporarily at least, bring with it improvement."

"We may be permitted an increase of railroad rates, and that would be doubly helpful, first on the side of direct benefit, but even more on the side of a promise of fairer treatment. Business conditions are unsatisfactory, however, on account of fundamental reasons that can be cured by one of both of these factors."

"We are today a nation grown critical of business methods and resentment of business accomplishment. By far the greater part of Government energies, as related to business, are directed toward destructive rather than constructive and creative ends. Business men have been called to account by Congress, commissions and courts and are being punished for past deeds and hampered in present activities. The managers of railroads, although they have given to the public an average freight rate much less than what similar service costs in other countries, are bound with ever-increasing bonds of hampering regulations, and are held to the strictest accountability for any failure of administration which falls below a hundred per cent of efficiency. Directors of railroad property are told what they owe to the people in the way of wise and efficient management, and in spite of results attained, with which the results in no other country are comparable, they are held up to the public almost in the light of criminals, compelled to perform their daily task under the regulating eye of agents of the Government. If that is a fair measure of the duty to society which the managers of public utilities may rightfully be expected to perform, and I do not wish to be considered as denying that the public has a right to exact wise and efficient management, then why should not society demand wise and efficient conduct of the great agencies of production?"

"If a railroad manager is culpable and is answerable to society for anything less than a hundred per cent of efficiency, what of the farmer and planter, holding the great agency of production—land—and utilizing it with but 40 per cent of efficiency? That is the indictment that stands against no small part of the agricultural community—a conduct of their business on a basis of 40 per cent of efficiency. It will not do to say that railroad managers and corporation heads are the representatives of publicly subscribed capital and therefore subject, in the interests of society, to a surveillance that applies only to the affairs of a public corporation, while farmers represent only personal investment and may be left to work out with such ignorance or intelligence as they choose to bring to bear on the conduct of their own affairs."

"Is it not time for the maligned business man to direct some attention to the honest farmer, and to ask whether the people, whose demands the politicians are so fond of formulating, should not have directed against them and their small business methods some of the same analytical criticism that it has been the order of the day to direct against big business?"

## Baku Oil Production

The production of oil in Baku has been steadily declining for the last four years, writes United States Consul-General John H. Snodgrass at Moscow. The number of gallons produced at the old Baku oil fields during the first eleven months of each year was as follows (data being not yet available for December, 1913): 1910, 1,987,650,000; 1911, 1,756,800,000; 1912, 1,696,500,000; 1913, 1,595,700,000. The decrease in 1913 was the result not only of the exhaustion of the old oil fields, but of strikes that reduced the output of the summer and fall months. Intensive methods and additional borings have been introduced in most of the concerns. The number of feet bored during 1913 on four of the old oil fields amounted to 325,500, as against 321,419 feet in 1912 and 266,931 feet in 1911; in some months the boring operations amounted to 42,000 feet per month, the highest record since 1905-6.

## United Railroads Scandal

The State Railroad Commission in the granting of an order authorizing the United Railroads of San Francisco to enter into a trust equipment agreement with the bond house of E. H. Rollins & Sons, for purchase of additional equipment, unearths a scandal in which Patrick Calhoun, former president of the company, is charged with diverting \$1,096,000 of the company's funds to a real estate development company. The money was diverted, according to an investigation of the books of the company, by experts of the commission, in March, April, May, June and July of last year. The action of Calhoun is severely criticised by the commission and a most rigid investigation into the affairs of the company is almost certain to follow.

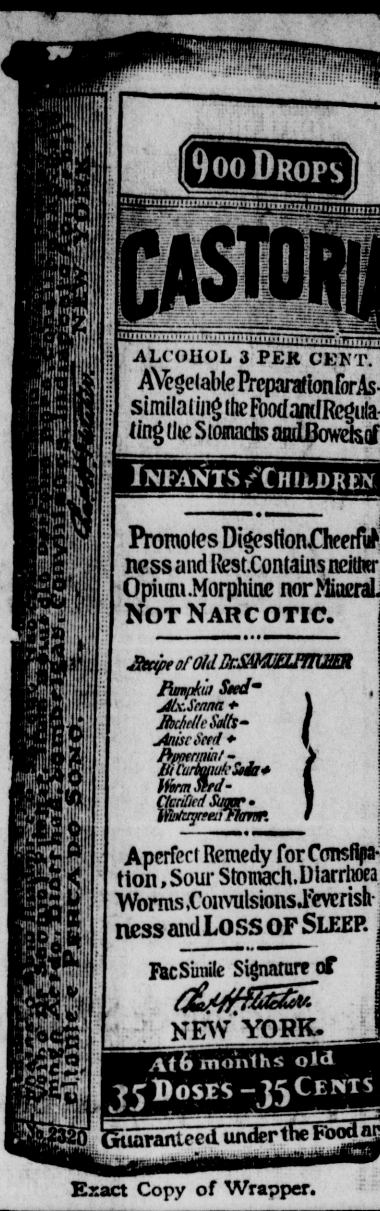

## Sweeping Inquiry Planned

It is said that a sweeping inquiry is planned by the Interstate Commerce Commission of a group of the biggest railroad systems in the country along the lines of the New Haven probe. The Pennsylvania, the New York Central and the Great Northern are the four systems which, it is said, will be the first brought under the investigations now planned.

## Kentucky Bank Closes

The banking house of George Alexander & Co., of Paris, Ky., was closed by the State Department of Banking. The liabilities aggregate \$180,000.

More than 1800 persons liable in this Internal Revenue Collection district for income tax have failed to make return to the Collector. The delinquents have been notified. A heavy penalty attaches to delinquency.

## LOS ANGELES PRODUCE MARKET

Notwithstanding that receipts were good along all lines the market held steady and no changes were noted on staples. Green vegetables and fruits were in good demand and top prices on choice stock prevailed. Cantaloupe receipts from Imperial Valley were light, owing to the fact that dealers will only handle first-class stock and this fact held the standard crates at \$1.50 and the ponies at \$1.35. Yellow Danvers were quoted for the first time in a month at \$3.25 a cwt. Northern Reds sold at \$3.00 a cwt.

### MT. LASSEN ONCE MORE SHOWS ACTIVITY

In New and Violent Eruption; Flame and Smoke Column of Over 700 Feet

RED BLUFF, June 9.—Mount Lassen burst forth in a new and violent eruption yesterday afternoon at 4:30 that is feared by forest officials to be one of damage. At that time, without any preliminary warning, the sputtering hole of the last week turned into a live and active crater. Two men from Lost Creek camp were approaching the mountain with the intention of looking at the hole which has been spurting ashes, rocks and mud for the last week, when a great column of thick black smoke burst forth to a height of over 700 feet. They say that fumes of flames could be plainly seen through the smoke. At the time of the outburst rumbling was heard at Mineral, the forest headquarters, a distance of sixteen miles, and an earthquake shock was felt.

Ladies' Suits at one-half price. Gilbert's great June suit sale now on. Every suit at one-half; some even less. All \$15.00 suits now \$7.50 each. Just come and see. A deposit and we will save one of these great bargains for you, at Gilbert's.

### MASONS PREPARING FOR TEMPLARS MEET IN LOS ANGELES, '16

LOS ANGELES, June 9.—Anticipating the presence in Los Angeles of 75,000 delegates and members of their families in 1916, the Masonic bodies of Los Angeles and Southern California will gather at the Shrine Auditorium on the evening of Thursday, June 11, to take the first step toward planning for the entertainment of the Triennial Conclave of the Grand Encampment, Knights Templar of the United States.

### WOMAN ARRESTED ON SUSPICION OF HUSBAND MURDER

LOS ANGELES, June 9.—Widowed within the hour by an alleged suicide, Mrs. Katie Swartz, 22, was locked up last night in the city jail on suspicion of having murdered her husband, Charles Swartz, aged 25, a watchman for the Wilshire Patrol. Detectives Ziegler and Fitzgerald, who made the arrest, said last night that at 11 o'clock this forenoon they would take the young woman before the district attorney and let him pass on the merits of the case which, at first blush, was one of much uncertainty.

**BAZAAR AND COOKED FOOD SALE**  
The ladies of the Episcopal church will hold a bazaar and cooked food sale on Wednesday, June 10, beginning at 2 o'clock, at the church on Seventh street. Meat, cake, beans, pie, rolls, home-made candy, fancy and useful articles will be on sale. Ice cream, cake and tea will be served. The public is cordially invited to attend.

—Dr. James W. Shaul, Eye, Ear, Nose and Throat. Suite 417-19 Hollingsworth Bldg., Los Angeles. Will be in Santa Ana afternoons.

The Santa Ana Book Store will be open for business tomorrow, in its new location, 104 West Fourth St.

### WINDOW ENVELOPE IS NOW REGULATED

Cover in Which Bills Are Placed is Controlled by Uncle Sam

Government regulation has been extended to the "window envelope." By way of explanation it may be said that the "window envelope" is the piece of stationery with a transparent front in which the monthly (they seem like daily) bills are mailed.

There are all sorts and conditions of window envelopes and Uncle Sam has decided that he wants uniformity. He therefore gives notice, through Postmaster Linn Shaw, that on and after July 1 certain new regulations will be in force.

First of all it is plainly provided that the window or transparent panel, shall be parallel with that of the envelope. In order to allow space for postmarking and for changes of address the window must not occupy any space within 1 3/8 inches from the top or within three-eighths of an inch from the bottom or ends of the envelope.

Secondly, Uncle Sam sets his foot down on the use of colored panels. "Windows shall not be colored," says the instructions received by the postmaster, "and shall be made or treated so as to be as transparent as possible." Windows slightly discolored by oil to make them transparent, will not be considered as colored.

Thirdly, Uncle Sam insists that all window envelopes must bear the "return-card" of the sender. And the penalty. Well, from the point of view of the man who pays bills, it is not adequate. It simply is that all envelopes which do not conform to the requirements will be returned to the sender if his address is given; otherwise the dead letter office for them.

### SON OF BANK OFFICIAL SUICIDES IN 'FRISCO

SAN FRANCISCO, June 9.—Harry Prescott, aged 34, believed from letters found in his apartments to be a son of the president of the First National Bank of Philadelphia, committed suicide today, cutting the arteries in his wrists with a razor as he stood before a mirror. His room-mate, Leslie Saxton, told the police that Prescott quarreled yesterday with a girl in a dance hall. He knew of no other reason for the suicide.

### MRS. BLANCHARD IS RE-ELECTED HEAD OF SOUTHERN W. C. T. U.

LOS ANGELES, June 9.—The hardest and longest electoral struggle in the history of Southern California W. C. T. U. occurred yesterday, when after five ballots, Mrs. Lucy S. Blanchard was re-elected state president by 171 votes, the remaining 150 going to Mrs. Hester T. Griffith.

There was a similar struggle over the first vice-presidency. Here the candidates, after the first scattering few who dropped out, were Mrs. Griffith for re-election, and Mrs. Stella B. Irvine of Riverside. Five ballots were necessary, Mrs. Griffith winning by five votes.

**BANTAM TITLE AT STAKE**  
LOS ANGELES, June 9.—After an absence from the ring of over a year, Bantamweight Champion Johnny Coulton will defend his title tonight against Kid Williams, who has practically every other man of his weight of not put back into the discard.

Coulton, fresh from three weeks in the California mountains, claims to have reached his old time condition. Williams, trained at the sea shore, and he, too, seems to be in perfect shape. The McCarey diamond belt will go to the winner.

The Santa Ana Book Store will be open for business tomorrow, in its new location, 104 West Fourth St.

### IN THE JUSTICE COURT NICASIO IS HELD FOR TRIAL BECAUSE OF VICIOUS ATTACK

Catarino Nicasio is ordered held for trial in the superior court upon a charge of resisting an officer. He is the Mexican who hit Deputy Sheriff Boynton in the face with a handcuff. Boynton was arresting Nicasio near Orange when the man suddenly attacked him. The crime charged is a high misdemeanor. Nicasio's bail was fixed at \$500, but there is no probability that he will give it.

### AT THE COURTHOUSE BREAKING PAROLE IS AGAIN IN JAIL

Walter Heying failed to keep sober, and that is the reason he is to be in the superior court tomorrow as a parole breaker.

He lives at Los Alamitos. When arrested as an habitual inebriate his friends said they would do all they could to help him to keep straight. Heying asked for another chance. He got the chance, but he did not make much of it. Last night Deputy Sheriff Law brought him in from Los Alamitos.

**Default Entered**  
The default of the defendant has been entered in the suit of R. E. Heinrich against Freda Heinrich.

**For Administration**  
Edith E. Grant has applied for letters of administration upon the estate of Sarah M. Grant, who died in Colorado in 1903. The estate is valued at \$650 and consists of lots at El Modena and Arch Beach. Williams & Rutan are attorneys for the petitioner.

**Declares Homestead**  
A declaration of homestead has been recorded by Estella M. Wilson upon a lot in Santa Ana; value, \$5,000.

**Mechanic's Lien**  
A mechanic's lien has been recorded by A. G. Parsons against Charles H. Horton and property at Orange. The demand is for \$29.

### GUARD ANCIENT BUILDINGS FROM THE SUFFRAGETTE

LONDON, June 9.—The guardians of ancient structures in all parts of the country have adopted the most stringent precautions to protect buildings against the vandalism of the militant suffragettes. Guns and dogs have been requisitioned for this service. Two men with rifles and two bulldogs have been placed on guard in the grounds of the historic priory at Christ church, Hampshire, dating from the twelfth century. Like steps have been taken elsewhere.

The activity of the militant suffragettes was confined to disturbances at the horse show and chalking "votes for women" all over the interior of St. Edmund's church at Northampton.

### THREE MORE DIE OF GREAT HEAT IN UPPER ILLINOIS

CHICAGO, June 9.—Three more deaths during the last twenty-four hours of heat have been reported from northern Illinois, in addition to the three people who succumbed here early yesterday morning. The mercury stood at 92 degrees here at noon, but the breeze and humidity reduced the suffering.

The weather bureau reported that Mobile, Ala., and Springfield, Ill., with 98 degrees, were the hottest places in the country today.

### WIFE'S ASHES TO BE BURIED BY ROBERT LOUIS STEVENSON

The ashes of Mrs. Robert Louis Stevenson will repose beside the body of her husband in the crypt of Mount Vaea, Samoa, says the Los Angeles Examiner.

unites the remains of the great author and his wife the last verse of his poem to his wife will be inscribed. To this tomb there will be no roadway nor any means of access but the rough mountain path which has already been plainly worn by visitors to the mountain top.

### MAY ARRANGE FOR PASSANGER AGENTS' LOCAL STOP OVER

That the American Association of Traveling Passenger Agents may be induced to make a short stop here during its annual excursion from the East to San Diego, is the substance of a letter received yesterday by H. J. Wasserman, local Southern Pacific agent. The letter comes from T. F. Fitzgerald, chairman of the executive committee of the association. Fitzgerald is stationed in Los Angeles. He states in his letter that there is a possibility of the stopover in spite of the fact that the itinerary has been practically completed. He gives assurance that he will do all in his power to have the excursionists, of whom there will be 500, make a short stop. No time has yet been set for the beginning of the association trip though it is expected it will be in about two weeks.

**Comforting to Stout People**  
—Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no greasy, gassy taste, no belching. They stimulate the natural movement of the intestines, free them of all clogging substances. A stout person using them constantly will feel thinned out and more comfortable as a result of their use. A perfect family cathartic. Win-Kood's Drug Store.—Advertisement.
